If you don't prevent fires - who will? 85 donate blood to Red Cross

Eighty-five donors responded to the call for blood when the Red Cross set up the Bloodmobile at the Carmel Valley Fire Station last week for the 10th anniversary of blood drawing in the Valley.

Receiving pins for reaching the two-gallon mark in donating blood were Walter Mauzey and Alexander Olmsted. A one-gallon pin was awarded to George Clifford. Fifty-six units were designated for replacement of blood which had been given to residents of this area.

Various other units were designated to be credited to blood needs of members of various organizations such as Carmel Valley Fire Department, Kiwanis, St. Dunstan's Episcopal Church and Carmel Valley Community Chapel.

Ladies of the Firemen's Auxiliary served fruit juice, coffee and cookies. They also had an anniversary cake in honor of the occasion.

CARMEL VALLEY FIRE DEPARTMENT LAUNCHES ALL-OUT DRIVE TO ELIMINATE FIRE HAZARDS

An all-out effort to minimize fire hazards will be made this year by the Carmel Valley Fire Department.

The danger this year is about the worst ever, Fire Chief Chip Collins said this week.

This is due to the rank growth of weeds, resulting from the wettest rainy season on record.

"Growth this year is about double what we have ever known," the Fire Chief said.

The cooperation of all residents in the Carmel Valley Fire Protection District is being urgently solicited.

Fire Chief Collins this week undertook a house-to-house and business-to-business survey to underscore the need for as complete a fire prevention program as possible.

The survey will include particular inspection of clearances around homes, clean roofs, limbs which may overhang buildings and outdoor fireplaces.

In addition, incinerators will have to meet standards of safety and ground clearances of at least 15 feet.

Where there are definite fire hazards, the inspector will advise the property owner and a period of 5 to 10 days will be allowed to make the improvements. If the property owner doesn't heed the warnings, he risks receiving a citation from the district attorney. A county ordinance spells out this requirement very clearly.

Local fire officials are all too aware of the canyon blaze last summer which burned off 10-1/2 acres between Rancho Road and Laurel Drive, as far as Ridge Way.

OPEN FIRES BANNED

"We just can't be too careful this season," the chief emphasized.

He announced that all open fires are now banned, and that incinerators may be used only between the hours of 7 a.m. and noon, daily.

"In a short time we are going to be forced to eliminate all incinerator burning for the rest of the dry season," Collins added.

The individual property survey will help to determine all future limitations. The chief said he expected that it would take a month to complete it, since he will be able to spend only Mondays, Tuesdays and Wednesdays of each week, from 1 until 5 o'clock.

The local volunteer fire department is cooperating with the U.S. Forest Service in mapping out its plans for an all-out fire prevention program, as well as programming for any and all emergencies.

"If all local citizens will undertake a few things on their own right now, they will not only be helping themselves, but our department, too," Chief Collins said.

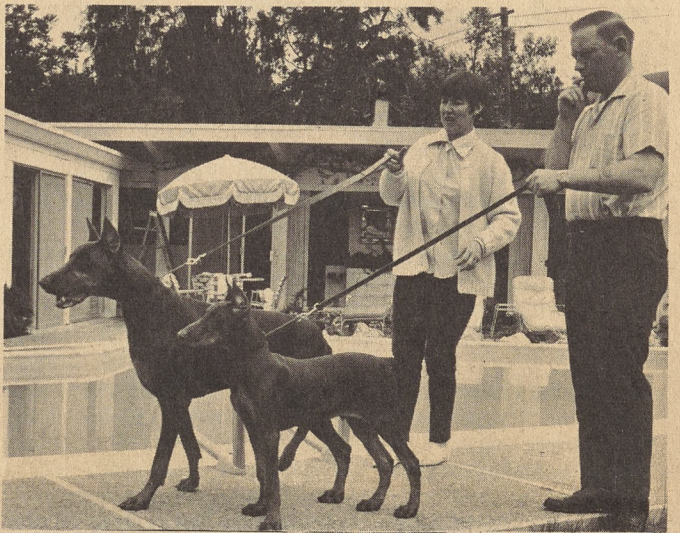

The drawing accompanying this story outlines in detail

the main hazards that each property owner must concern himself with.

The fire chief doesn't expect to have to contend with the additional hazard of a "fire bug" who roamed the Valley last summer, setting a number of blazes. A citizens alert system, such as the one that went into action last year, can be quickly reactivated, fire officials pointed out.

"We enjoy fine cooperation from everyone in the community," Fire Chief Collins said. "We certainly need it this season."

The Carmel Valley Volunteer Fire Department is one of the finest in the state, and has a splendid record in fire prevention.

DOBERMAN PINSCHER SHOW HERE SATURDAY. Fine examples of this breed are Damasyn The Yankee Clipper, age 8-1/2 years, with owner Nancy Hogans of Carmel Valley, and a puppy, Yankee's Red Deacon, age 4 months, owned by Frank and Judy Heitzman of Monterey. See page 3.

3 aid calls answered by firemen

Three calls for aid were answered by the volunteers of the Carmel Valley Fire Department during the past week.

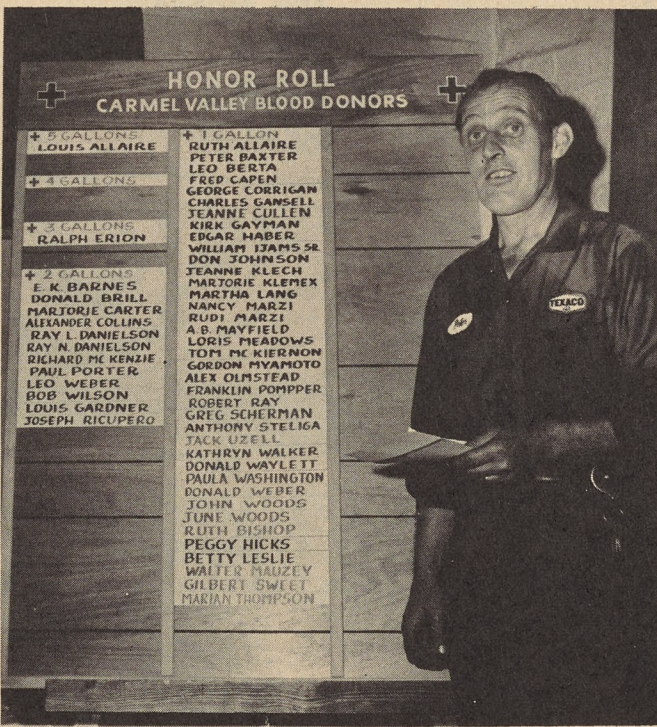

Stephen Radowicz, aged 14 months, was given first aid the transported to his doctor for lacerations on the right foot.

A medical emergency, Mrs. Gisela Arboleda, W. Carmel Valley Road, was transported to the hospital with a back injury.

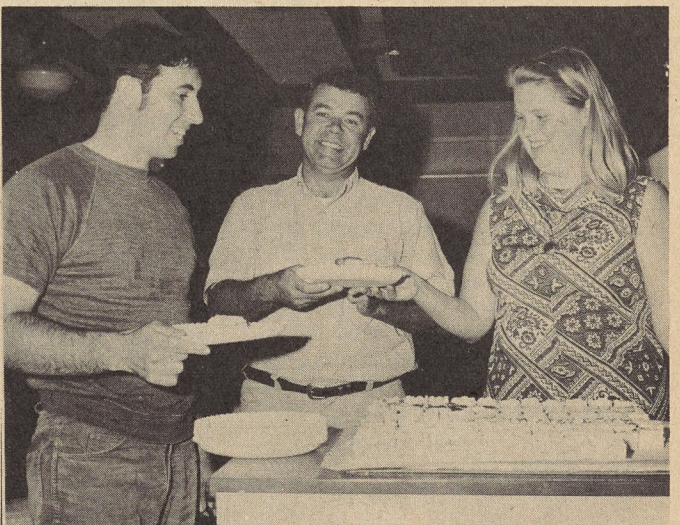

Bill Mitchell, Salinas, came to the Firehouse for treatment of a lacerated abdomen. He was treated for shock, but refused transportation to the hospital.

DOCTOR GIVES BLOOD: Comdr. William Stowers and Dr. Paul Tocchet, who will soon practice medicine in Carmel Valley, met at the BloodBank last week. Dr. & Mrs. Tocchet with son Louis, live on Via Contenta. He expects to be detached July 15 from his duties at the Naval Auxiliary Landing Field where he serves at the dispensary with the rank of lieutenant commander.

THIS TELLS THE STORY: Peter Baxter stands alongside the honor roll for the Carmel Valley blood donors. He has given blood all over the world, and in all has donated almost eight gallons besides the gallon that he has given the local Red Cross unit.

ANNIVERSARY CAKE: Erasimo Belleci and Walt Mauzey are served cake by Cindy Gebhart following their donation of blood to the Red Cross last week at the Carmel Valley Firehouse. The cake commemorated the 10th anniversary of the Red Cross Bloodmobile in Carmel Valley.

THE TOWN CRIER

By Rosemary Clifford

BRAVE ONE: Richard Fleming, 13, with his companion, Greg Giordano, 12, found a coiled rattlesnake on the banks of the Carmel River this past weekend.

Richard pinned the snake with a baseball bat and then skinned it with a pocket knife. It now reposes on the wall of his room.

HIS AND HERS: Former president of the Carmel Valley Community Youth Center, Doyt Early was one of the lucky winners at the door prize drawing Sunday at the Grape Festival. The spice rack he won was duplicated with the next number called, when his wife Blanche held the lucky number. She graciously gave up her prize so that another winner could be drawn.

PLAZA DE FLORES: What a wonderful idea to turn a street into a flower garden. With the cooperation of all residents on the street, the people in business on Pilot Road and surrounding area hope to make improvements with flowering trees along the street. As Dru Dunn says, "A community needs to do things for itself."

A start on the beautification of the street was made some time ago when the Carmel Valley Garden Club planted pistachio trees along the school fence.

EVERYBODY WAS THERE: it is hard to tell when lying prone on your back giving blood, but Jody Cooper says the Bloodmobile confab at the Firehouse last week was a SOCIAL SUCCESS. Busy with her camera, she will bring her annual picture taking gallery up-to-date.

TEN YEARS FOR RED CROSS: Ruth Allaire, Barbara Porter, Kathryn Walker and Vivi Erion has given ten years service to the Bloodmobile on its trips to the Valley.....A record of faithful service.

SMALL FRY: Eileen Bulmer forwards us a picture and letter from Debbie Lorenz, Toyon Way, with a picture of a clown that we wish could be reproduced.

Dear Los Laureles Lodge:

My mother was at the Carmel Valley house tour. She said some people there liked clowns a lot so I am sending you a picture that I drew.

I am nine years old and I would be happy if you would hang it up. I would also be happy if you will write back if you're not to busy.

Your friend,
Debbie Lorenz

MOTHER-DAUGHTER ACT: Bobbie Glendenning and daughter Tomi France have been the good old stand-bys at the Saturday afternoon kiddie's matinee at Community Center, taking in tickets, selling refreshments, and chaperoning—a job someone must do for the good of the community. The kiddie's show has closed down for the summer. Let's hope that they will volunteer again.

TO THE EDITOR

Subj: Interim 2-1/2 Acre Hillside Zoning Ordinance? Rejected? by County Board of Supervisors

On May 13th, Willard Branson made good his promise to the CVPOA and kept faith with the Valley that he loves. It took great courage, for Willard Branson is no fool. The day will come when he will seek our support as we sought his. He supported us; will we support him?

Mr. Branson's interim ordinance did not pass. He made the motion, seconded by Mr. Wood, who stated he was then prepared to vote affirmatively on a permanent slope density ordinance, adding that objections on the part of his constituents in the south county were no longer valid. Mr. Smith said that he would vote for the ordinance, but felt that a requested 30-day delay in implementation was in order. From his remarks, we know that the Carmel Valley need not fear becoming another San Fernando Valley if Mr. Smith has anything to say about it. Mr. Church did not feel the criteria for establishing an emergency interim ordinance had been met. Mr. Atteridge was absent.

We have no quarrel with the Board's vote. We disagree with Mr. Smith in that the opposition had as much notice as we did, and we disagree with Mr. Church, although we may concede that emergency becomes relative when time and distance factors are considered. In either case we do not question the motives.

The turn-out was tremendous. Fifteen communications were received by the Board advocating adoption. Four were received either recommending rejection or requesting delay. One of these apparently alleged the ordinance was unrealistic and uneconomical. Maps should be supplied to the writers of that communication to aid them in locating the Carmel Valley.

We would that it had gone for us, but this was a minor skirmish that will lead to the battle that will win... We are little David looking for a big rock...

ROY KAMINSKE, President
Carmel Valley Property Owners Assn.

To the Editor:

The Carmel Valley Community Youth Center wishes to extend its thanks to loyal supporters of the Saturday afternoon Kiddie Movies.

This last week was the last movie until the fall since we have such beautiful weather, plus the pool opening and Little League starting, it is only natural attendance dwindles.

We would, however, like to see you back when school starts.

Respectfully yours,
MRS. GEORGE GLENDENNING

Lions club to give school children American Flags

Lloyd Todd, president of the Carmel Valley Lions Club, announced today that the Carmel Valley Lions Club will hold its first annual "Carmel Valley Lions Flag Day", on Monday, May 26 at 10:30 a.m. at Carmelo School and on Tuesday, May 27, at 1 o'clock at Tularcitos School.

Chairman for the event will be Clyde Hitchcock, with John G. Koon and Donald Laird as co-chairmen.

Koon will give a short history of the American Flag during the presentations, and Laird will lead the Pledge of Allegiance.

At a recent board of directors meeting, the idea of giving American flags to children in kindergarten and 1st through 6th grades was approved. The original idea for this event was conceived by a kindergarten teacher in Cupertino, Mrs. Albert Richter, wife of Lions International 4-C6 district cabinet secretary, Albert J. Richter. Principals Philip Smith of Carmelo and George Gustafson of Tularcitos schools are rearranging their classes so that the children may attend the presentation.

On the dates indicated, all Carmel Valley children in the Carmel Unified School District will receive a card explaining what the flag stands for and will be presented an American Flag. The Carmel Valley Lions Club will present over 700 flags and will make this an annual event.

The club feels that an introduction to such an event such as Flag Day followed by Memorial Day will bring a better understanding of what the flag represents, and the realization of what a fine country we are privileged to live in. All flags and cards will be distributed by members of the Carmel Valley Lions Club, through the cooperation of the Carmel Unified School District. All costs for this fine project will be borne by the Carmel Valley Lions Club.

Chairman Clyde Hitchcock stated, "It is the hope of the Carmel Valley Lions Club that in the near future, every Lions Club in the United States will have the presentation of flags to the children of their communities as an annual event, and that the youth receiving the flags will have a better understanding of his country and that the flag is something special, to be respected and treasured."

Attorneys meet in Carmel Valley

A two-week seminar was concluded this week when the California Rural Legal Assistance League met at the Los Laureles Lodge.

Forty visiting attorneys met to confer on programs of giving legal aid to the Mexican-Americans in the rural areas.

Besides the Los Laureles Lodge, the group was housed at the Valley Lodge, Rancho Del Monte, and Carmel Valley Inn.

Sierra Club to show film on Mineral King

A 40-minute film about spectacular Mineral King will

be shown by the Sierra Club, Ventana Chapter, at Brey Hall — Carmel High School, on Thursday, May 29 at 8:00 p.m.

Mineral King is an 8-thousand foot high valley surrounded by 10 to 12 thousand foot peaks. This beautiful and rugged valley, bounded on three sides by Sequoia National Park is about to be "developed" by Walt Disney Productions into an urban type recreation area. If present ambitious plans are implemented the valley will become more crowded than Yosemite.

Far-sighted people are trying to stop the development. This film shows Mineral King in its present splendor and, by contrast, plans for roads, lodges, car parking, mountain top restaurants and aerial tramways.

This will be the last Sierra Club Conservation meeting before September.

160 dogs entered in Doberman Pinscher show

On Saturday, May 24 from 9 a.m. till 6 p.m., the Fifth Annual Specialty Show and Obedience Trial, sponsored by the 32 member Cabrillo Doberman Pinscher Club, will be held at the Carmel Valley Inn.

The show, one of the largest in the nation, will feature 160 entries. Present in the competition will be a Group and Best of Show for California, multiple Best in Show from Texas, and other champions from Arizona and other states.

The categories are divided into two areas — obedience and conformation. During the Obedience Trials the dog will be rated on obedience to commands; while dogs entered in the Conformation class will be scored on appearance, poise, and the beauty of the animal.

There are 31 Dobermans entered in the obedience trials and 129 entered in the conformation class. Silver trophies will be awarded to the first through fourth place winners and sterling silver medallions given by the Doberman Pinscher Club of America (D.P.C.A.) will be awarded to the "Best of Breed" and "Highest Scoring Doberman".

Dr. Wilfrid E. Shute, top Canadian heart specialist and consultant, and past president of the D.P.C.A. will judge the conformation division. Hailing from Point Credit, Ontario, Dr. Shute has owned at least 50 champion Dobermans and judged the D.P.C.A. National Specialty four times.

Judging the Obedience Division will be Douglas Mueller, Jr., from San Antonio, Texas. A former colonel in the Army, Mueller is a top-rated obedience judge who is in much demand at the National Specialty and at other Doberman Pinscher Specialty Shows.

Both Dr. Shute and Mr. Mueller judged the first show sponsored by the Cabrillo Doberman Pinscher Club.

The show's secretary is E.A. Kamerer of Carmel Valley.

SPEAKING OF HOBERGS another unique fund raising event was held last week when Mrs. Phillip Wright was hostess at a jewelry party at her home on River Road. Mrs. Dean Espinosa, demonstrator for the Sara Coventry Jewelry Company is authorized to give participating organizations 15% of the sales made during a party put on for any club so the profits last week will help with the convention fund.

They flew south to San Francisco for a brief visit and drove to Carmel where they were joined by Tale's father, Mr. Edward Borschardt of Pasadena, and college friends, Mr. and Mrs. Robert Stube of Santa Ana. All were entertained at Jean's home on San Carlos. Tale and Malcom have many Valley friends from previous visits when Jean was a resident of the Lower Valley and later La Rancheria.

WHEN PARENTS of children enrolled in Spanish classes were recently invited to meet with Senor Carlos C. Carmona for the purpose of discussing a possible Junior Student Exchange Program during the summer vacation few dreamed of the enthusiastic (with such a brief time limit, the word is "frantic") preparation period which would follow.

Thirty-two students from the Carmel Unified School district will be leaving the Monterey Airport on June 17th for a month as members of families in La Paz, Baja California, Mexico. They will return on July 17, bringing with them 32 Mexican children who will spend a month as the guests of families in our district.

Senor Carmona is the founder of the John F. Kennedy Good Neighbor Bi-lingual Library School located in La Paz. He is a US citizen and formerly taught in Marin County. It is his feeling that by focusing special attention on the adolescents of the US and Latin America, personal communication and understanding will be developed by members of these separate cultures.

Chaperoning the children on their flight south of the border via Air West and Aero Novis will be Mrs. Don Swiess, Mrs. Dale Glasco, and Miss Darby Moss. Although approved by the district, the project has been entirely coordinated by Mrs. Don Swiess with advice from the Spanish teachers, Warren Fishburn of Tularcitos, Phylliss Davies of the Carmel High School, and John Waldron of Carmel Middle School. Lory has made all necessary arrangements regarding travel, Mexican Government requirements, and even prepared a five page document of parental guidelines including wardrobe suggestions.

The chaperones will leave with their charges on Tuesday and return the following weekend, giving the children an opportunity to adjust as rapidly as possible. Mr. Fishburn plans to visit La Paz during their stay and will report on the children upon his return. Also Mr. and Mrs. Dick Thornburg, who have children involved in the exchange will be going down and possibly other parents. Senor Carmona will accompany the children on their return flight. The children will be attending school for two hours a day for two weeks. Hopefully during their stay the old Spanish building which Senor Carmona has been renovating will be completed and Joseph Kennedy is expected for the dedication.

Learning of a need for equipment for the school at La Paz, Lory contacted Dale Gilmartin of the Hopkins Marine Station who is in charge of a research cruise aboard the Proteus (Stanford's replacement for the Te Vega) heading for waters near La Paz. He has agreed to take any of the following items people wish to donate. Needed are books (in English) suitable for children between 6 and 15, record players, sports equipment, writing materials, typewriters and an adding machine. Please contact Lory before May 28 at 659-2408 and arrangements will be made to call for your donations so they can be packed for the voyage.

When final papers are signed a list of the fortunate youngsters will appear in a later Outlook.

The entire Salinas Valley is talking about their recent prize winner at the Soledad Hoe and Show. Under the direction of Gardening and Landscape instructors, Jerry Mailman and Ed Jelenfy, the prisoners created a life sized inmate. MISS ROSALIND TUCKER greeted guests garbed as a fairy princess at the costume party held on Sunday celebrating her seventh birthday. The celebrant is the daughter of Mr. and Mrs. David Tucker of Calle De La Paloma. Assisting Mrs. Tucker with party preparations were Rosalind's grandmother, Mrs. Bob Duvall, and Miss Sylvia Weinstein. The children enjoyed games and party refreshments which included a birthday cake topped with Alice in Wonderland decor.

Accepting invitations were the Kern children, Katie as a bull dog, and Elizabeth as a Dutch girl; Maurice Kelley, a pirate; Ashley Swanson, as Queen of the May with a fresh jasmine garland in her hair; the Weinstein children, Louie, a lion, Roland, a mouse, and Rowena, a rabbit; Mimi Henderson, a fairy princess; Denise Sherman, a Hawaiian girl; Mary Harris, a ballerina; the Pryer children, Nancy, a lion, and Sandra a tiger; and Rosalind's brother, Hardwin, a cowboy. The children were given polaroid pictures of themselves to take home as favors.

WITH TWO PARTIES last week to make it official, Sandra Lee, daughter of Mr. and Mrs. Richard Lee, is now four years old! Children were invited to the Lee home on Laurel Drive and enjoyed games for prizes on the

lawn and party refreshments served on the patio while their mothers chatted over coffee. Attending were Mary Smelser, Dorie Lee Draper, Cindy Wilson, Sandra Pryer, Richie Smelser, Susie Wilson, and Sandra's sister and brother, Christine and Geoffrey.

The other celebration was with fellow members of Mrs. Louva Huntington's pre-school story telling class who were the recipients of birthday cookies and balloons.

THREE GROUPS of Camp Fire Girls combined efforts for a Mother's Day Tea and Ceremonial May 6 at the Community Center. The Tanda Group led by Mrs. Rex Pryer, the Makahwaees, led by Mrs. Gordon Harlander, and another group led by Mrs. Cleve Harris were awarded honor beads and swimming awards. A program with all three groups participating included the flag ceremony; songs; the history and origin of the Camp Fire Girls and the explanation of their symbols, and candle ceremonies. The girls had made candles, clay pots, and paper flowers which were presented to their mothers. The Blue Bird groups and their leaders were invited to attend the tea.

The new slate of officers will be installed at a luncheon meeting June 11 - Wednesday, at the Robles Del Rio Lodge at 12:30 p.m.

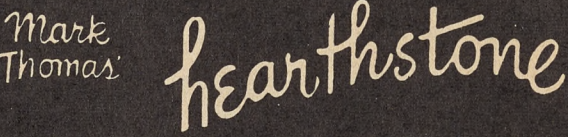

C.V. Kiwanis

Four factors in investment should be considered by people planning a retirement program according to Carter Stanley who spoke before the Carmel Valley Kiwanis Club when they met last week at Rippling River Resort for lunch.

The factors he listed are safety, liquidity, income production and growth prospects. With these factors he felt that a program of investment in something producing a set but regular income, plus a like investment in income producing securities with growth prospects is a stable plan.

Stanley is associated with a Monterey insurance and investment firm.

"Summer Is Icumun In". This is the way summer was announced in England in the year 1200, in a lovely song of that name. A song still sung today in many parts of the English speaking world.

Mrs. George Danenhour, a musician of note in our Valley has this music on a record of Tudor music, so it has come down the centuries to us.

Without a doubt "summer" is now with us. Quail strut in the garden, magpies fly up here from the green acres of the Holman Ranch. I am indebted to my Irish neighbor, Patrick Fitzgerald, for the delightful Irish superstition - When you see magpies: One for sorrow - Two for joy - Three for a wedding - Four for a boy!

The Irish always count the magpies to foretell their future, and believe it will happen just as the magpies say.

Patrick is my authority for this also: "Robin redbreast in a cage, Puts all heaven in a rage."

One more little Irish rhyme: "The cuckoo comes in April, Sings her song in May. In the middle of June, she tips her tune, And then she flies away."

And just now the busy housewife must think of thirst quenching beverages, food that is nutritious, easy to cook without too much heat.

Heading the list of such foods are SALADS:

SALMON SALAD

A favorite is Salmon Salad: Leftover or canned salmon serve equally well. On crisped lettuce, with thinly sliced cucumber, young green onions sliced thin, and sprinkled with your favorite salad dressing, this makes a nutritious dish, uses no heat, and nearly everyone likes it.

SHRIMP & GRAPEFRUIT SALAD

1 can (4-1/2 oz.) tiny Pacific Shrimp
5 or 6 pieces crisped celery
1 No. 2 can grapefruit, chilled
1 3-oz. pkg. cream cheese
2 tablespoons mayonnaise
Lettuce, crisped
French dressing

Drain juice from can of grapefruit; mash cheese, add mayonnaise; cream mayonnaise with cheese; add shrimp (drained) and mix well. Pack grooves of celery tightly with mixture; cut in 3/4" pieces, arrange on the lettuce, together with the grapefruit segments; sprinkle with French dressing.

FRENCH DRESSING

1 cup salad oil 1/2 tsp. dry mustard
6 tbsp. lemon juice or vinegar 1 tsp. salt
1/2 tsp. paprika 1/2 tsp. sugar
Few grains cayenne

Place dry ingredients in glass bottle; add vinegar and salad oil. Shake vigorously for several minutes. Add to salads just before serving. Dressing will separate on standing and must be reshaken just before using.

ROQUEFORT DRESSING

To one cup above French Dressing crumble in 2 tablespoons roquefort cheese.

COLD MEATS are also good for summer, and can be served as hot dishes by cutting into small pieces and adding to: (1) Macaroni and Cheese, (2) Spanish Rice, (3) Used to stuff green peppers or tomatoes. (Steaming is simplest way to cook stuffed peppers or tomatoes).

(4) Cold slices may be fried quickly with canned peaches, or sliced tomatoes and onions.

(5) Heat meat in barbeque sauce (takes about 10 minutes).

Many "instant" Custards, Puddings and Pie Fillings are on the market, and take but little time and less heat to prepare. Follow manufacturer's directions when using these packaged foods.

BEVERAGES: Iced Tea Punch for Large Crowd:

1 - 8oz. can crushed pineapple
2 quarts boiling water
4 cups granulated sugar
Juice of 6 lemons
Juice of 6 oranges
1 No. 2-1/2 can pineapple juice

Cook pineapple, sugar and water about 15 minutes. Strain and cool. Add tea and fruit juices. About 1 hour before serving, pour over cracked ice and add 1 quart Ginger Ale. Serves about 40.

FROSTED COFFEE

2 cups coffee, chilled, 1/2 pint vanilla ice cream, 1 cup milk chilled. Combine ingredients and shake in covered glass jar or cocktail shaker. Sufficient for 4 glasses.

Remember though, a cup of hot bouillan or hot tea will cool and refresh one better than too many frosted drinks. The occasional glass of milk for the children is recommended.

COMMUNITY CHURCH EMPHASIZES NON-DENOMINATIONAL CREED

BY CHARLES C. SCHOMBS

Resting peacefully among the lupine and yellow mustard which are so much a part of the Valley scene, the green grass and the rolling hills serving as a back-drop, is the non-denominational Community Church of the Monterey Peninsula.

The sensitive, simple structure with a heavily furnished Spanish interior, is the dream-come-true of a congregation's desire to worship in a non-denominational atmosphere free of the hierarchy and bureaucracy which seem to inhibit some other denominations.

The Community Church was formed five years ago from the membership of another Carmel community-type church. After that church changed its orientation, a nucleus decided to continue worshipping in a free non-denominational atmosphere. Nine months after the congregation gathered, the Reverend Burkert Cree was called as its pastor.

The architecture is simple in design and through the dominating Spanish atmosphere, the modern-classic Walcker organ made especially for the church in Germany, and the chancel constructed largely with the help of the congregation, its warmth becomes evident. It is a warm church. And that warmth extends not only from the physical attitude of the church, but also to a great extent from its minister, Mr. Cree.

Mr. Cree, born and raised in the Midwest, graduated from Earhlen College in Indiana whose strong Quaker background has had a profound effect on Mr. Cree, and attended Harvard University where he received his Bachelor's Degree in Sacred Theology (STB).

The Community Church of the Monterey Peninsula began meeting in a movie theater and has covered a wide spectrum of meeting places: from the assembly hall of a retirement home to a ballet school to an elementary school cafeteria, have all seen this mobile group.

There is no creed, no dogma in the community body. It is joined under the covenant principle. As Reverend Cree pointed out, "We join together for the purpose of worshipping together Almighty God as revealed in Jesus Christ. We must dedicate ourselves to the highest principle we know that by the right use of our mind, our feeling and our will, we see the birth of an effort which in ages to come may sometime be softly spoken, 'Nothing about them was synthetic or secondary. They were truly servants of the living Lord.'"

"Christians we seek to become — nothing more, nothing else," he continued.

AN AUTONOMOUS CHURCH

The Community Church is a body joined together without binding denominational ties. It is a separate entity, free moving, and unto itself. It is completely autonomous, yet seeks to cooperate with the other churches when this can be done freely. Being free allows the church to choose from the vast source of curriculum presented by the other denominations and also allows the congregation to budget its finances so that the congregation's will may be manifested.

The governing body of the Community Church is known as the Governing Board.

Recently selected as its officers are Will Johnson as

president; Dr. Zoltan Vasvary, vice president; Mrs. Willis I. Shepard, secretary; and Miss Doris Fee, treasurer.

Serving as directors are Mrs. Don Berry, fellowship; Mrs. Cleveland Henning, membership; Miss Anne Hazan, member-at-large; Mrs. C.A. Broadus, missions; Col. James Coventry, property stewardship; Richard Frazier, public relations; Dean Mahmud S. Hariri, religious education; and Frank Keith, worship services.

Through a religiosity which is Bible-based, the congregation's focus is on worship and the services are set up so that families may worship together.

Since the church enforces no conformity on religious beliefs it cannot, therefore, enforce conformity on the worldly scene.

"Each individual has his own point of view," said Mr. Cree. The members of the congregation are free to think for themselves in these issues and the church encourages them to do so. There are many people from various fronts on the political spectrum involved in the church because of its broad base of social, economic and ethnic backgrounds.

"Education is the first task," Mr. Cree stated, "Educating people to the tasks at hand and the problems of the day. Then we must approach the individual by the Christian impulse." It is in this time, when ministers are leaving the fold and the youth rebellion is in full swing that the church, above all else, needs relevancy.

Remarking on the role of the church in the field of social concerns Mr. Cree said, "What point is certitude? At what point do we agree? Where do we stand in the common bond? The church points out the problem knowing that it might not have the answer, but moving under the Christian impulse, nevertheless."

"The church is 'anti-cyclical,'" Mr. Cree feels, "When the problems are the greatest the church seems to be doing the least to alleviate these problems."

CONCERNED ABOUT YOUTH

Burkert Cree feels that the problem most essential in problem-solving is that concerning the youth scene. "The awareness of youth by the church is essential if the church is to be relevant today," he said. The problem is even apparent in the Community Church.

"The earliest problems were those related to building the church; now what is to be done with it? The program has not advanced with the building. We are in need of a youth program. We need ideas. We need approach. We need personnel," he said. This problem seems paramount with most churches today there are not enough people willing to devote themselves to a youth program, thus the youth are alienated.

The Reverend Burkert Cree takes marriage very seriously. "People should take time, think about the step, pray about it, talk about it during this time when divorces are so widespread," said Mr. Cree. During the course of our conversation a long-distance call came from a couple which wished to be married in Carmel. Mr. Cree declined. Unless the couple is willing to meet with him for intense counseling before the ceremony, he is not willing to marry them.

The most important task of the church? "Making known the meaning of the eternal Gospel in the modern dimension," said Mr. Cree.

In many ways the Community Church of the Monterey Peninsula has become intensely involved with the communities surrounding it.

It is in support of the Young Life movement on the peninsula working together with Bob Broyles, its director from Monterey. The new movement is directed towards the high school student believing that the center of the community is "no longer the corner market, or the bowling alley, but the high school."

Perhaps one of the church's most rewarding endeavors, along with the hard work and dedication to make it what it is, is found in the person of Jan Kucera. In 1950 Mr. Kucera was banished from his pulpit by the Community Government in Czechoslovakia and put to work as a woodsman. Last December he came to Carmel as a pastor with Mr. Cree. He has spent much time and fellowship with the Cree family and the family of the Community Church.

It is evident that through the diligence and dedication of the congregation, the sensitivity and patience of its pastor, and the community with which it is associated, the Community Church of the Monterey Peninsula is a growing body dedicated to worship in a non-denominational atmosphere.

Benefit to aid Bay schoolhouse

"The Little Red School-house" will hold their ninth annual Bay Day Carnival Saturday from 10 a.m. to 2 p.m. at Bay School just south of Carmel on Highway 1.

Early California Frontier Days will be the theme for the day, and those wishing to attend in costume are urged to do so. A variety of fun and games for the entire family will be offered including the fish pond, ring toss, general store and rummage sale, a bake sale and an al fresco luncheon served under the trees.

Admission is free and tickets for the various events and concessions will be sold at the gate.

Funds are being raised in a drive to save the schoolhouse to make it structurally sound in compliance with a survey report submitted stating that a portion of the Bay School built in 1879 was not sound.

Father Keating to succeed Father Cowan

Father Vincent Cowan, pastor of Our Lady of Mount Carmel Church, leaves this week to assume his new duties as chaplain at Soledad Prison.

In residence in the Valley since October 1967, Father Cowan leaves behind him many Valley friends.

He will be replaced by Father Douglas Keating who comes from Gonzales where he has been a short term prior to parish duties in Santa Cruz.

Comdr. and Mrs. John A. Furmanski held a farewell reception for Father Cowan Sunday at their home on Ford Road.

Six Lutheran youth take confirmation

Sunday, May 25th, will find an atmosphere of celebration prevailing at St. Philip's Lutheran Church. Six young people who have completed a two-year course of Christian instruction will renew the vows of their baptism in the sacred Rite of Confirmation.

The Confirmation will take place at the 10:00 a.m. Worship Service as the Church celebrates also the Festival of Pentecost. The Rev. J. Bernhard Bretheim, pastor of the Church will officiate.

The youth are Kimball Banker, JoAnn Bretheim, Ann Hawkins, Barry Moore, Laura Nystrom, and Eric Smith, all eighth and ninth graders.

In the evening at 7:00 p.m. the congregation will have a dessert lunch reception for the youth in the All-Purpose Room of the Church. The youth will share with those present their final essays. Their service of first communion will follow the reception in the Sanctuary at 8:00 p.m. Members and friends of the Church and of these young people are invited to celebrate this sacred event with them this Sunday.

DEDICATION: A new conference room was dedicated Mother's Day at the Community Church of the Monterey Peninsula. The furnishings for the room are a gift from Mrs. Mabel Broadus and the late Dr. C. A. Broadus in whose name the room will be named. Mrs. Broadus is on the left telling of the 150-year-old hand-embroidered hanging that will be used. Pictured with her are The Rev. Burkert Cree, church pastor, Mrs. Mildred Henning, and Wilbert Johnson. (Ronald C. James, photographer)

Carmel Knolls celebrates undergrounding of poles

The completion of underground utilities was celebrated by residents of Carmel Knolls when the group met at the Filter Plant Friday evening for a barbeque and evening of fun with Manuel Campos' Conjunto furnishing musical entertainment.

The citizens felt that having the beauty of their area restored with utility poles buried was cause for celebration. Put underground from view are the telephone, power, and TV cable lines and poles.

Col. St. E.P. Tyner, a member of the Carmel Knolls Property Owners Association, worked 4-1/2 years on the project to finally see it realized. According to him there were no dissenting votes among the residents — the only time a petition has gone through with no dissenting votes, he said.

"Costs were cut 50% with a law passed by the Public Utilities Commission of California permitting electric companies to come onto private property and complete work up to the house," Col. Tyner said.

SPLIT COSTS

"Costs varied from the street to individual homes, but it was by complete agreement that the residents decided to split the cost among the group," he said.

A number of trade journals have written of the project as it is the first one of its kind undertaken in the United States with an existing subdivision.

Although the undertaking is under bond issue, the residents were given a choice to pay all at once or with their tax bill over a period of years.

Col. Tyner stated that he felt the project was worthwhile as it added to property values.

Harold Ager is president of the Carmel Knolls Property Owners Association.

A REALTOR and a BROKER ARE THE SAME THING, AREN'T THEY?

Well, almost. Funk and Wagnall Standard Family Dictionary defines a broker as, "One who buys and sells for another on commission or who arranges for the negotiation of various types; especially a stockbroker." A Realtor is defined as "A realty broker who is affiliated in membership with the National Association of Real Estate Boards, which has for one of its objects, the protection of the public against dishonest practices, as of brokers; a protected trade name." Their policies are therefore basically the same: To assist you in buying and selling real estate, honestly, swiftly and efficiently.

When you list your real estate with a broker or a Realtor, request that your transaction be placed with the oldest and largest, independent home-owned title company in Monterey County.

The Carmel Board of Realtors this week joins realtors throughout the nation to observe National Realtor Week — May 18 through 24.

The theme for this year's observance is "Home Ownership — Foundation of the Nation".

In America today, more than two thirds of all families enjoy home ownership. This record of home ownership is equalled by very few other nations, Merrell Lewis, president of the Carmel Board of Realtors, said this week.

The Carmel Board includes 172 licensed members, who serve one of the most delightful areas in the world in which to live. Throughout the nation, there are more than 87,000 licensed realtors.

The term "Realtor" is an indication of particular and specialized qualification because only a member of the National Association of Real Estate Boards can identify himself, or herself with that term.

Founded in 1908, and with national offices in both Washington and Chicago, the National Association of Real Estate Boards is one of the country's largest professional associations.

When buying or selling a home, the family is assured of not only professional counsel, but the protection of their individual interests, when dealing through a realtor.

May Dance Festival at River School

PARENTS CONGREGATED on the grounds at 10:30 a.m. for the annual May dance festival held at River School with classes kindergarten through fourth grade putting on the entertainment. All brought lunch baskets and a sunny day provided ideal picnic weather. Here—Third Grade students take over the dance acts with teacher Miss Naomi Reddert leading the group in La Rosta.

ALL SET TO PERFORM: Equipped with long ears, students go forth to do their bit, the Bunny Hop, a dance they performed for visiting parents at the River School.

ADVANCED LEARNING: Joel Spence challenges Dan Sturges to a chess game at the River School festival.

AMONG students performing for parents at the festival was Ellen Taylor, student at River School.

WITH balloons tied on, children participate in festival dancing. John and Kate Rudolph, foreground, are entering the fun.

DANCING th Troika: Noi Hutcherson an Julie Yurkovic perform with Russian Fol Dance.

YOUTH TAKES OVER: Keith Harper with baton, conducts the River School Band for the annual May Festival that was held recently. He is "assisted" by Gene Parrine, school instructor, far left.

Variance granted in building sites in Robinson Canyon Road

A variance was granted to M.L. McElwaine for reduction in building site requirements subject to conditions on property fronting on Robinson Canyon Road, at a hearing of the Monterey County Zoning Administrator.

Included in the conditions was that a conservation and scenic easement in parcel A be conveyed to the County of Monterey by a deed in form satisfactory to the Board of Supervisors.

The applicant wished to divide the property into two parcels, each being .85 acres in size with the intention of building on each parcel.

The Lower Carmel Valley Advisory Committee recommended denial, and the County Road Department recommended a condition.

Robert Gilcrest appeared representing the applicant and stated that although the parcels were smaller than one acre in size, they were both levelable and useable.

Edmond Lee, owner of the property across from Robinson Canyon Road, appeared in opposition to the application and stated that he was opposed to any further congestion of building sites in the area. He felt that the granting of this permit would set a precedent.

Be cautious about baby wild animals

"Don't pick up 'Baby Wild Animals' unless they are injured or ill," cautions Gwendolyn May, director of the Monterey County SPCA.

In most cases a seemingly lost 'baby Wild animal' is really safe but its mother may be reluctant to come into the open with humans around.

Often a little spotted fawn may be found lying quietly in the forest — its mother has left it there while she goes off to look for food, so don't disturb it, Mrs. May advises.

However, if a fawn is found wandering about and crying the chances are good that some harm has come to the mother and the little animal does need help, she said.

If any ill or injured baby of adult animals are found please call your SPCA Shelter, 373-2631 every day except Thursdays and Sundays. After working hours and on Thursdays and Sundays call, 659-2156 for help for any wild animal.

Movies at Youth Center discontinued

Saturday afternoon movies at the Carmel Valley Community Youth Center have been discontinued for the summer.

Because summer activities have begun and attendance has dwindled it was decided by the Board to wait until Fall before running the shows.

Benefit 'Soul Festival' to be held at St. Dunstons'

Gospel singers will be featured in the Soul Festival to be held at St. Dunstons' Church Sunday, June 8, at 3 p.m.

The proceeds of the affair are being used for the benefit of Camp Amigos, a day school that will be held at All Saints' Day School beginning July 23.

The singers from Seaside include the Mountaineers and Rev. Al Belton. Beverley Lyons, a teacher at All Saints', will direct the school chorus in folk songs. A supper will follow the program.

FOUR WEEKS

Camp Amigos has been extended to four weeks this year, and is a program for students from the Valley and Seaside to get together for a summer of recreation and fun. The school will be held at All Saints' and will include a program of crafts, horseback riding, swimming, picnics, a field trip to Saddle Ranch, and an overnight camp out.

Dan Albert, football coach at Monterey High School, and his wife are conducting the Camp which will include grades three through five. All children in that category in the Valley are eligible to attend, and applications are now being taken at St. Dunstons' Church.

Mrs. Gaines heads

NPGS wives

Mrs. R. Y. Gaines was elected president of the Staff Wives Club of the Post Graduate School for the coming year.

Other elected officers include, Mrs. V. D. Hakes, vice president; Mrs. R. E. Graham, recording secretary, Mrs. W. Beer, corresponding secretary; Mrs. R. S. Lande, treasurer; Mrs. L. E. Kinsler, senior director, and Mrs. G. J. Thaler, junior director.

Tank permit sought

The Upper Carmel Valley Advisory Committee will meet Thursday, May 23, at 8:30 p.m. to consider a Use Permit for two water tanks in the Tularcitos subdivision.

California American Water Company is making the application.

Set for hearing for a Use Permit is Carmel Chatmar Inc., which seeks an addition of a coffee shop and art show to a hotel when the Monterey County Zoning Administrator meets Thursday, May 29.

Camp Fire Girls entertain their mothers

ENTERTAINMENT: Sitting down playing the guitar is Jennifer Gray and Laura Valpey. In back of them are

from left to right, Melody Mancebo, Nikki Nedeff, Cindy Harlander, Katie Waosh, Katherine Belleci and Karen Lucas. All these girls are in Mrs. Harlander's group.

BY LAURA VALPEY

CAMP FIRE GIRLS AND BLUE BIRDS: On Tuesday, May 6, the Camp Fire Girls sponsored a Mother's Day Tea for all their mothers at the Community Center. Singing and a candle ceremony were part of the program.

CANDLE CEREMONY: While Robbin Harris puts out a candle Linda McGlocklin chants her lines. Watching from left to right are Nancy Pryer, Clair Martin, Nikki Nedeff, Melody Mancebo, and Cindy Harlander.

CEREMONIAL RIGHTS: Mrs. Rex Pryer puts honor beads around Winnifred Reuter's neck. In the background are Cindy Harlander, Karen Lucas and Jennifer Gray of Mrs. Harlander's and Mrs. Gray's group. In front Jill Janic watches as Nancy Pryer looks over her papers.

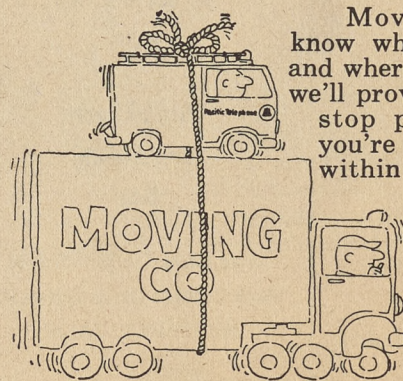

SERVING MOTHER: Here Katie Walsh serves her mother a cup of hot coffee, while Katie's two sisters smirk and laugh. In front of Mrs. Walsh is a little tree with Camp Fire symbols hanging on it. These little trees were made by Mrs. Pryer's group.

WHILE KAREN LUCAS cautiously lights her candle, Cindy Harlander reads her lines. Watching from left to right, are Mary Jane Hendersen, Vikki Harber, Laura Sherman, and Jill Janic. In between Mary Jane and Vikki is Linda McGlocklin.

Moving soon? Let us know when you're moving and where you're going, and we'll provide you with non-stop phone service. If you're moving anywhere within the Bell System, your Service Representative will see that your telephone is the last thing out of your old house—and the first thing in to your new one.

I'd like to remind you that if you've changed your address, your name, or are newly arrived in town you're ineligible to vote unless you register. To avoid the rush around election time, why not take care of it right now. For your convenience, we have employees in our Business Office at 404 Franklin Street in Monterey who are qualified to register voters. So, if you have occasion to drop by our office, for any reason, let us take care of your registration at the same time.

This time of year I know a lot of you are planning for important events; things like graduations, weddings and vacations. And your Yellow Pages can help you make those plans. Whatever product or service you're after, check your Yellow Pages first—and let your telephone help do some of the shopping.

"Boy Power" is the theme of this year's Scout-O-Rama which will be held at the Monterey Fairgrounds on Saturday, May 24th, between 10 a.m. and 6 p.m.

Peninsula Scouts have been busy building displays that depict the programs that are a part of scouting and a part of "Boy Power".

Maybe you know some boy who would be interested in becoming a Cub Scout or a Boy Scout? This would be a fine opportunity for him to see exactly what scouting is all about. Admission is \$1.00. Tickets will be available on May 24th at the entrance door.

Ladies Sodality

An installation luncheon will be held for new officers of the Ladies' Sodality of Our Lady of Mount Carmel Church Wednesday, May 28, at Rancho Del Monte Country Club.

Mrs. Jeanne Platter will be installed as president, with Maj. Billie Mans, vice president; Mrs. Barbara Allard, secretary; Mrs. Nicole Longfellow, treasurer; Mrs. Mryna Weber, sacristan; Mrs. Ruth Allaire, assistant sacristan; Mrs. Jean Quarteroni, ways and means; Dorothy Allaire, assistant ways and means; and Mrs. Mary Lou Berta, visitor.

Sierra Club

An easy hike, good for beginners, will be sponsored by the Sierra Club Saturday when they go to Jackson Camp up the Little Sur River.

The Hike will start at Pico Blanco Boy Scout Camp and follow the trail to Jackson Camp. Total round trip is about four miles, and hikers are asked to bring water and lunch. An alternate route will be chosen if the road is washed out, through Boucher's Gap to the Scout Camp.

The group will meet at Carmel Rancho Shopping Center at 8 a.m. with Sherman Comings as leader.

C.V. Lionettes

"Wine and Roses", the theme for the C.V. Lion's Club members who will be attending the convention at Hoberg's was the appropriate theme selected by the hostess, Mrs. William Stowers for the dinner meeting and election of officers held Thursday evening at the Los Laureles Lodge by the C.V. Lionettes.

In lieu of the usual guest speaker, Mrs. Stowers had planned a "Silent Auction" to bolster the funds for the convention expenses. Lionettes took home all sorts of new knicknacs: jewelry, purses, etc. from their bidding. Mrs. Mike Downey, the club's newest member won the door prize. Birthdays observed during the dessert hour were those of Mrs. Don Draper, Mrs. Cliff Bolgard and Mrs. Warren Douglas.

Officers were elected for the coming year. Mrs. Lloyd Todd will serve as president. Other members of the new executive board include Mrs. Phillip Wright, vice president; Mrs. Charles Gansel, secretary; Mrs. Tom Bordonaro, treasurer; and Mrs. Art Fosso, Tail Twister. Elected to one year posts on the Board of Directors were Mrs. Peter Glod and Mrs. John Koon. Two year board members will be Mrs. William Hall and Mrs. Leroy Dufur. Installation will take place June 21 at the Monterey Elks Club.

Lantanas are sun-loving plants and produce flowers of many colors: orange, yellow, white, red, pink and lavender. They are used for borders and ground cover. The lavender lantana is especially adaptable to ground cover use and for hanging baskets, and it is the hardiest one.

Near the river and in other low spots where cold air drains into, they should be considered as annuals, unless they are planted in tubs or otherwise protected from severe frost. On higher land and with a little protection, they live many years to be enjoyed. The nectar in their flowers attracts hummingbirds.

A sun dial is an attractive garden ornament for an entry-way, patio or terrace. It is usually cast in bronze, but you can find them made of aluminum with an oxidized copper finish, also. You might like to design your own pedestal of brick, cement or even a tree stump. Anchor the pedestal well into the ground so it will not be tipped over or knocked down by dogs or children. In 1724, the largest sun dial in the world was built in Jaipur, India. It covers an area of almost an acre and has a gnomon (center piece which casts the shadow) over 100 feet high.

When you buy a heavy sack of fertilizer or soil conditioner, spread an old sheet or bedspread on the front seat of your car, and let the nurseryman place it there. When you reach home, slide it down into a wheelbarrow and cart it to the spot you want in your garden. Put a light fruit box in your trunk, so a sack of steer manure can be placed on it. Then you can slide it out into a wheelbarrow or child's wagon without lifting it.

A tree blooming now with showy white flowers is the Fringe Tree (chionanthus virginicus). The Greek name means Snow Tree. It belongs to the olive family. The feathery white flowers are in clusters, the long petals resembling fringe. Some flowers form blue fruits which are egg-shaped, 3/4" to 1-1/4". It grows wild in New Jersey, Florida and Texas. It does well here and is very hardy; the leaves are handsome and large, about 5". It grows to a height of 20-25 feet.

We always condemn sucker growth and snatch them out with our pruners as soon as possible, but I did not in this case where a pink-flowering hawthorn was grafted onto white. It is a very beautiful sight to see the small tree made up of two stories of flowers: white below and rose-pink on top. Suckers from grafted roses, fruit trees, citrus and other ornamental shrubs and trees should not be encouraged in general, however.

On a grafted plant, you will see a bump on the stem a few inches above the ground level. Suckers are the branches which sprout below that bump. Their flowers and fruits are usually inferior and if encouraged, they might smother the top and cause it to wither or die.

Probably it never occurred to you that the boy-senberry is a flowering vine worthy of garden attention. You should see our three vines climbing on both sides of a fence and loaded with very pleasing

white flowers. The bees are buzzing between them, insuring, later, many sweet, vine-ripened boysenberries to enjoy. If you have some in your garden, mulch the plants well with an inch-thickness of peat moss or leaf mold, and fertilize them. You will have a bumper crop this year.

For new gardeners who have not read this Chinese proverb before:

Happiness: If you want to be happy for a few hours, drink wine until your head spins gaily.

If you want to be happy for a week-end, get married and hide away.

If you want to be happy for a week, kill a tender pig and eat it.

If you want to be happy all your life long, become a gardener.

One of my hanging baskets was near a faucet, and when I went to get a pail of water, I banged my head. Believe it or not, the pot cracked: what a thick skull! Be careful where you hang your hanging basket; you might crack your skull instead. The height should be eye-level or below, so you can see and enjoy their contents. But, again, what is eye-level to some will be a head banging height to shorter people.

To fill board positions at Youth Center meeting

An election will be held to fill the vacant directorate positions on the board of the Carmel Valley Community Youth Center when the annual membership meeting is held Thursday, May 29, at 8 p.m. at the Center on Ford Road. The new board of directors will elect the corporate officers for the fiscal year starting July 1.

All interested members of the community are invited to attend and any person interested in serving on the board should contact Gordon Harlander, 659-2167.

Members leaving the board are Mrs. Rex Pryer, Mrs. Tom Graff, Fred Boehme and Mal Tavares.

Board members who plan to continue into the new term, and who are in their second year, or have recently joined the board are Mesdames Roger Sherman, Harvey Deal, Donald Swiss, Robert Oross and George Glendenning; Dr. Al Holine, Gordon Harlander, and Charles Gansel.

DATE CHANGE

The following members of the community have expressed an interest in joining the board and plan to be in attendance at the next meeting for consideration for election to the board: Mesdames Dale Buche, Erasimo Belleci, Leon Mink, and Messrs. Jack Taylor, Vic Harber and Bob Hebert.

The meeting night has been changed again in order not to conflict with the Lions' Club. All meetings of the CVCYC Board will be scheduled on the fourth Thursday of each month at 8 p.m.

In conjunction with the Weed Show over the Memorial Day week-end, a weed drawing and painting contest is being held.

'Me and Thee' at the Circle is comedy at its very best

"Me and Thee", the Charles Horine play which opened last weekend at the Circle Theatre in Carmel, provides an evening of excellent entertainment.

It is cleverly-written, has sparkling dialogue, and enough commentary on contemporary life to satisfy - or provoke - almost anyone.

Michael Keller, the director, does a splendid job of bringing it all off, too. And it is far from an automatic job. Clever and sophisticated comedies such as this one, make unusual demands not only on the director but the cast too.

If this bit of theatre meets such items as drinking, sex, the generation gap, stalemated marriage and philandering - all head on - it somehow puts them all pretty much in perspective, too, before the evening is over.

And if the lines are racy and suggestive, which they often are, they are not offensive, again because the playwright handles them deftly and, for his own purposes, to mislead the unwary.

W.H. Scholefield is the central figure of "Me and Thee" and too much cannot be said of his portrayal of the over-protected husband who rebels, flounders as a philanderer, and then finds himself confronted with winning his wife back again.

As the wife, Gertrude Chappel handles a challenging role most ably. She gets herself involved with a psychiatrist, played by Martin Brown, who is also the family friend, and then uninvolved.

Then there is the generation gap - in the persons of two attractive youths, Alex Gossland as the estranged couple's way-out son, and Wendy Grissim, who gets attached to almost everyone before she finally 'discovers' herself with the help of Alex.

Betty Fowlston is on for just a few minutes as a pushy meter maid, but practically brings the house down.

While all of the action takes place in a New York apartment, the situations are pure, contemporary Americana. From the college-age son who is misunderstood by his parents, on to the psychiatrist who tries to make the abnormally normal couple normally abnormal, to the little sex-bomb who can behave only when she has had too much to drink - these are all there, plus more.

It adds up to an hilarious evening, but not as frothy as it might appear. In fact, it is bound to play to full houses during its run at the Circle during the next four weekends.

Carmel Women's Club

Colored slides of Jordan, Egypt, including Luxor, and a few scenes in Iran and Singapore, will be shown by Mrs. Fred J. Reynolds when the Carmel Women's Club holds its meeting Monday.

Mrs. Reynolds has traveled extensively and although she calls herself an amateur photographer, the results of her hobby are considered by many of professional caliber.

Miss Ianthe Densmore will preside at the meeting, and tea will be poured by Miss Marion Eley, Mrs. Fred Kane, Mrs. Herbert W. Wagner and Mrs. George H. Weatherbe.

Sierra Club

Marion Chilson and Dawn Cope will lead a Sierra Club hike to Turner Creek Camp Sunday, when the hikers will meet at Carmel Rancho parking area at 8:30 a.m.

Elevation gain is 1,000 feet with a distance of seven miles. Lunch will be eaten beside the creek.
